

Department of Computing and Informatics

Data Privacy Clause:

We, the researchers from the City College of Calamba, Department of Computing and Informatics, Bachelor of Science in Information Technology, are conducting an evaluation of our Capstone 1 and 2 project entitled **“Records Management System with DSS for Fixie Computer Ventures.”** Your participation in this evaluation is highly appreciated, and we kindly request your honest feedback based on your personal observations of the system.

In compliance with **Republic Act No. 10173, the Data Privacy Act of 2012**, all information gathered through this questionnaire will be used exclusively for academic purposes and treated with the utmost confidentiality. Providing your name is optional to ensure the protection of your identity.

Name (Optional): _____ **Date:** _____

Designation: (please check): ☐ Manager ☐ Department Head ☐ Staff

Direction: *Kindly Check the following statement to indicate your answer by using the scale below:*

System Evaluation using ISO/IEC 25010 Quality Metrics

Functional Suitability	Strongly Agree (4)	Agree (3)	Disagree (2)	Strongly Disagree (1)
1. The system provides the necessary functions to create, update, search, retrieve, and manage records, quotations, and reports effectively. (<i>Ibinibigay ng sistema ang lahat ng kinakailangang kakayahan upang gumawa, mag-update, maghanap, at mamahala ng mga rekord, quotation, at ulat.</i>)				

CITY GOVERNMENT OF CALAMBA

CITY COLLEGE OF CALAMBA

Dalubhasaan ng Lungsod ng Calamba

AICUCOA Level II Accredited

Department of Computing and Informatics

2. The system correctly performs key functions such as record management, quotation processing, dashboard generation, user authentication, and report generation. <i>(Tamang naisasagawa ng sistema ang mahahalagang gawain tulad ng pamamahala ng mga rekord, paggawa ng quotation, pagtingin sa buod ng impormasyon, pag-login ng gumagamit, at paggawa ng mga ulat.)</i>				
3. The system consistently performs multiple functions accurately without affecting the completeness of the results. <i>(Patuloy na gumagana nang tama ang sistema sa iba't ibang gawain nang hindi naapektuhan ang katumpakan at pagkakumpleto ng mga resulta.)</i>				
4. The system provides accurate and complete information when users create, view, or update records and quotations. <i>(Nagbibigay ang sistema ng tama at kumpletong impormasyon kapag gumagawa, tumitingin, o nag-a-update ng mga rekord at quotation ang gumagamit.)</i>				
5. The system generates accurate and organized reports and dashboards that support business monitoring and decision-making. <i>(Gumagawa ang sistema ng malinaw, maayos, at tamang mga ulat at buod ng impormasyon na nakatutulong sa pagsubaybay ng negosyo at paggawa ng mga desisyon.)</i>

Department of Computing and Informatics

Performance Efficiency	Strongly Agree (4)	Agree (3)	Disagree (2)	Strongly Disagree (1)
1. The system retrieves and displays records within an acceptable amount of time (e.g., within 3–5 seconds) after a search or request is made. <i>(Mabilis na naipapakita ng sistema ang mga rekord pagkatapos maghanap o humiling ang gumagamit.)</i>				
2. The system completes transaction processes (e.g., saving, updating, or submitting records) within an acceptable time frame, without noticeable delay. <i>(Mabilis na natatapos ng sistema ang pag-save, pag-update, o pagsusumite ng mga rekord nang walang kapansin-pansing pagkaantala.)</i>				
3. The system maintains consistent response times even when processing large volumes of records or data (e.g., hundreds or thousands of entries). <i>(Nanatiling mabilis ang sistema kabit marami nang rekord o datos ang pinoproseso.)</i>				
4. The system maintains stable response times and does not slow down significantly when accessed by multiple users at the same time. <i>(Nanatiling maayos at mabilis ang sistema kabit maraming gumagamit nito nang sabay-sabay.)</i>				
5. The system performs smoothly without slowing down, freezing, or crashing during use. <i>(Maayos na gumagana ang sistema nang hindi bumabagal, humihinto, o nagkakaroon ng error habang ginagamit.)</i>				

CITY GOVERNMENT OF CALAMBA

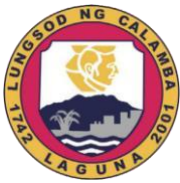

CITY COLLEGE OF CALAMBA

Dalubhasaan ng Lungsod ng Calamba

ALCUCOA Level II Accredited

Department of Computing and Informatics

Interaction Capability	Strongly Agree (4)	Agree (3)	Disagree (2)	Strongly Disagree (1)
1. The system interface is user-friendly and easy to understand and helps user complete tasks with minimal confusion or difficulty. <i>(Madaling gamitin at unawain ang sistema, kaya madaling natatapos ng gumagamit ang kanilang mga gawain.)</i>				
2. The system allows users to easily navigate between record management, quotation management, dashboards, reports, and other system modules. <i>(Madaling makalipat ang gumagamit sa iba't ibang bahagi ng sistema, tulad ng mga rekord, quotation, ulat, at iba pang impormasyon.)</i>				
3. The system displays clear and understandable messages that inform users whether an action (e.g., save, update, delete, or submit) was completed successfully or requires correction. <i>(Nagpapakita ang sistema ng malinaw na mensahe kung matagumpay ang isang ginawa o kung may kailangang ayusin.)</i>				
4. The system uses consistent menus, buttons, icons, and labels, making it easy for users to learn and use the system. <i>(Magkakapareho at madaling maintindihan ang mga menu, pindutan, simbolo, at pangalan sa sistema, kaya madali itong matutunan at gamitin.)</i>				

CITY GOVERNMENT OF CALAMBA

CITY COLLEGE OF CALAMBA

Dalubhasaan ng Lungsod ng Calamba

ALCUCOA Level II Accredited

Department of Computing and Informatics

5. The system's search, filtering, and menu navigation features make it easy for users to locate the records, quotations, reports, and other information they need. (<i>Madaling mahanap ng gumagamit ang mga rekord, quotation, ulat, at iba pang impormasyong kailangan gamit ang paghahanap, pagsala ng impormasyon, at mga menu ng sistema.</i>)				
Reliability	Strongly Agree (4)	Agree (3)	Disagree (2)	Strongly Disagree (1)

1. The system performs its functions without crashing or freezing during normal daily use. (<i>Maayos na gumagana ang sistema nang hindi humibinto o nagkakaroon ng problema habang ginagamit.</i>)				
2. The system ensures that data entered or updated is saved accurately, with no loss or corruption of records. (<i>Tinitiyak ng sistema na ang mga inilagay o binagong impormasyon ay nai-save nang tama at hindi nawawala.</i>)				
3. The system can recover unsaved or interrupted data (e.g., through auto-save or backup) in the event of a power loss, crash, or unexpected shutdown. (<i>Kung magkaroon ng brownout o biglang magsara ang sistema, naibabalik pa rin ang mga hindi pa nai-save na impormasyon.</i>)				
4. The system continues to function properly even after being used continuously for several hours without needing a restart.				

CITY GOVERNMENT OF CALAMBA

Dalubhasaan ng Lungsod ng Calamba

ALCUCOA Level II Accredited

Department of Computing and Informatics

(Patuloy na gumagana nang maayos ang sistema kabit matagal itong ginagamit nang hindi kailangang i-restart.)				
5. The system allows users to access and retrieve stored records whenever needed, without unexpected downtime or data unavailability. (Madaling ma-access at makuha ng gumagamit ang mga nakaimbak na rekord anumang oras nang walang hindi inaasahang aberya o pagkawala ng impormasyon.)				
Security	Strongly Agree (4)	Agree (3)	Disagree (2)	Strongly Disagree (1)
1. Only authorized staff can access sensitive or confidential records in the system. (Tanging mga awtorisadong empleyado lamang ang maaaring makakita o makagamit ng mga kumpidensyal na rekord sa sistema.)				
2. The system prevents unauthorized users from viewing confidential business information. (Pinipigilan ng sistema ang mga hindi awtorisadong tao na makita ang kumpidensyal na impormasyon ng negosyo.)				
3. Users must log in (e.g., using a username and password) before they can use the system. (Kinakailangang mag-log in gamit ang username at password bago magamit ang sistema.)				

CITY GOVERNMENT OF CALAMBA

CITY COLLEGE OF CALAMBA

Dalubhasaan ng Lungsod ng Calamba

ALCUCOA Level II Accredited

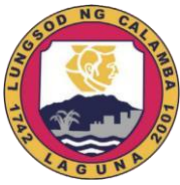

Department of Computing and Informatics

4. The system maintains an audit trail that records user activities, such as adding, updating, and deleting records. (<i>Naitatala ng sistema ang mabahalagang ginawa ng mga gumagamit, tulad ng pagdagdag, pag-update, at pagbura ng mga rekord.</i>)				
5. The system protects confidential information from unauthorized access, disclosure, modification, or deletion. (<i>Pinoprotektahan ng sistema ang kumpidensyal na impormasyon laban sa hindi awtorisadong pagtingin, pagbabago, o pagbura.</i>)

Direction: *Kindly Check the following statement to indicate your answer by using the scale below:*

Comparison of Current Semi-Manual Recordkeeping Practices with the Proposed RMS-DSS (Pre-Survey)				
	Strongly Agree (4)	Agree (3)	Disagree (2)	Strongly Disagree (1)
1. The current record-keeping process makes it easy to create, update, search, and retrieve business records. <i>(Pinapadali ng kasaluknyang paraan ng pagtatala ng mga rekord ang paggawa, pag-update, paghahanap, at pagkuha ng mga rekord ng negosyo.)</i>				
2. The current record-keeping process provides accurate and complete records and quotations. <i>(Nagbibigay ang kasaluknyang paraan ng pagtatala ng mga rekord ng tama at kumpletong mga rekord at quotation.)</i>				
3. The current record-keeping process allows employees to access records and reports whenever needed. <i>(Pinapahintulutan ng kasaluknyang paraan ng pagtatala ng mga rekord ang mga empleyado na ma-access ang mga rekord at ulat anumang oras na kailangan.)</i>				
4. The current record-keeping process has clear guidelines on how long business documents should be kept before disposal. <i>(May malinaw na patakaran ang kasaluknyang paraan ng pagtatala kung gaano katagal dapat itago ang mga dokumento bago ito itapon.)</i>				

CITY GOVERNMENT OF CALAMBA

CITY COLLEGE OF CALAMBA

Dalubhasaan ng Lungsod ng Calamba

ALCUCOA Level II Accredited

Department of Computing and Informatics

5. The current record-keeping process ensures that business documents are disposed of properly and on time. <i>(Tinitiyak ng kasalukuyang paraan ng pagtatala na ang mga dokumento ng negosyo ay naitatapon nang maayos at sa tamang oras.)</i>				
Comparison of Current Semi-Manual Recordkeeping Practices with the Proposed RMS-DSS (Post-Survey)				
1. The RMS-DSS makes it easy to create, update, search, and retrieve business records. <i>(Pinapadali ng RMS-DSS ang paggawa, pag-update, paghahanap, at pagkuha ng mga rekord ng negosyo.)</i>				
2. The RMS-DSS provides accurate and complete records and quotations. <i>(Nagbibigay ang RMS-DSS ng tama at kumpletong mga rekord at quotation.)</i>				
3. The RMS-DSS allows users to access records and reports whenever they are needed. <i>(Pinapabintulutan ng RMS-DSS ang mga gumagamit na ma-access ang mga rekord at ulat anumang oras na kailangan.)</i>				
4. The RMS-DSS provides clear guidelines on how long business documents should be kept and when they should be disposed of. <i>(Nagbibigay ang RMS-DSS ng malinaw na gabay kung gaano katagal dapat itago ang mga dokumento ng negosyo at kung kailan ito dapat itapon.)</i>				

CITY GOVERNMENT OF CALAMBA

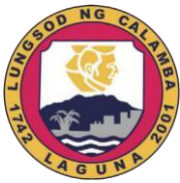

CITY COLLEGE OF CALAMBA

Dalubhasaan ng Lungsod ng Calamba

ALCUCOA Level II Accredited

Department of Computing and Informatics

5. The RMS-DSS helps ensure that business documents are disposed of properly at the right time. <i>(Tinutulungan ng RMS-DSS na matiyak na ang mga dokumento ng negosyo ay naitatapon nang maayos at sa tamang oras.)</i>				
Digitization and Organization of Business Records for Improved Retrieval Time, Data Accuracy, and Systematic Storage				
	Strongly Agree (4)	Agree (3)	Disagree (2)	Strongly Disagree (1)
1. The system keeps business records (such as quotations, purchase orders, delivery receipts, and collection receipts) in one organized place. <i>(Pinapanatili ng sistema ang mga rekord ng negosyo, tulad ng mga quotation, purchase order, delivery receipt, at collection receipt, sa iisang maayos na lugar.)</i>				
2. The system makes it easy to find the business records that users need. <i>(Pinapadali ng sistema ang paghahanap ng mga rekord ng negosyo na kailangan ng gumagamit.)</i>				
3. The system helps ensure that business records are accurate and up to date. <i>(Tinutulungan ng sistema na maging tama at napapanahon ang mga rekord ng negosyo.)</i>				
4. The system organizes business records in a way that makes them easy to manage and monitor.				

CITY GOVERNMENT OF CALAMBA

CITY COLLEGE OF CALAMBA

Dalubhasaan ng Lungsod ng Calamba

ALCUCOA Level II Accredited

Department of Computing and Informatics

(Inaayos ng sistema ang mga rekord ng negosyo upang mas madali itong pamahalaan at subaybayan.)				
5. The system helps employees complete their work faster by making business records easier to access and manage. (Tinutulungan ng sistema ang mga empleyado na matapos ang kanilang trabaho nang mas mabilis dahil mas madaling mahanap at mapamahalaan ang mga rekord ng negosyo.)				
Feasibility of the Proposed System Through Cost and Benefit Analysis (Pre-Survey)				
	Strongly Agree (4)	Agree (3)	Disagree (2)	Strongly Disagree (1)
1. The current manual record-keeping process requires more time, effort, and materials than necessary. (Ang kasalukuyang manu-manong paraan ng pagtatala ng mga rekord ay nangangailangan ng mas maraming oras, pagod, at gamit kaysa sa kinakailangan.)				
2. Mistakes and lost documents in the current record-keeping process cause additional expenses for the company. (Ang mga pagkakamali at pagkawala ng mga dokumento sa kasalukuyang paraan ng pagtatala ng mga rekord ay nagdudulot ng dagdag na gastos sa kumpanya.)				
3. Employees spend a lot of work time searching for or recreating lost or misplaced records.				

CITY GOVERNMENT OF CALAMBA

CITY COLLEGE OF CALAMBA

Dalubhasaan ng Lungsod ng Calamba

ALCUCOA Level II Accredited

Department of Computing and Informatics

(Malaking bahagi ng oras ng trabaho ang nagugugol sa paghahanap o muling paggawa ng mga nawawala o hindi mahanap na rekord.).				
4. The company spends more money on paper, folders, cabinets, and other storage materials because of the manual record-keeping process. (Mas malaki ang nagagastos ng kumpanya sa papel, folder, kabinet, at iba pang gamit sa pag-iimbak dahil sa manu-manong paraan ng pagtatala ng mga rekord.)				
5. Correcting mistakes in manually recorded information requires additional time and effort. (Ang pagwawasto ng mga pagkakamali sa manu-manong pagtatala ng impormasyon ay nangangailangan ng dagdag na oras at pagod.)				
Feasibility of the Proposed System Through Cost and Benefit Analysis (Post-Survey)				
1. Using the proposed Records Management System is a practical and beneficial decision for the company. (Ang paggamit ng iminungkabing Records Management System ay isang praktikal at kapaki-pakinabang na desisyon para sa kumpanya.)				
2. The benefits of the proposed system are greater than the cost of using and implementing it. (Mas malaki ang pakinabang ng iminungkabing sistema kaysa sa gastos sa pagpapatupad at paggamit nito.)				

CITY GOVERNMENT OF CALAMBA

CITY COLLEGE OF CALAMBA

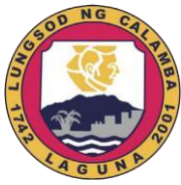

Dalubhasaan ng Lungsod ng Calamba

ALCUCOA Level II Accredited

Department of Computing and Informatics

3. The proposed system helps the company save time, effort, and resources in its daily operations. <i>(Nakakatulong ang iminungkabing sistema na makatipid ang kumpanya sa oras, pagod, at mga ginagamit na kagamitan sa pang-araw-araw na operasyon.)</i>				
4. The proposed system is a more practical way of managing business records than the current manual process. <i>(Mas praktikal na paraan ang iminungkabing sistema sa pamamahala ng mga rekord ng negosyo kumpara sa kasalukuyang manu-manong proseso.)</i>				
5. Overall, the proposed system is beneficial for the company's daily operations. <i>(Sa kabuuan, kapaki-pakinabang ang iminungkabing sistema sa pang-araw-araw na operasyon ng kumpanya.)</i>				

Department of Computing and Informatics

Group 9

Title: **Records Management System with DSS for Fixie Computer Ventures**

1. To compare the current manual and semi-manual recordkeeping practices of Fixie Computer Ventures with the proposed RMS-DSS in terms of recording, filing, sorting, retrieval, audit trailing, retention, and disposal.
2. To digitize and organize the business records of Fixie Computer Ventures including administrative, financial and transactional, procurement, and service and repair records to reduce retrieval time, eliminate data redundancy, and ensure systematic storage.
3. To assess the feasibility of the proposed system through a cost and benefit analysis comparing the operational costs of the current manual system against the projected benefits and implementation costs of the proposed RMS-DSS
4. To evaluate the proposed system based on ISO/IEC 25010 software quality standards in terms of:
 - 4.1 Functional Stability
 - 4.2 Performance Efficiency
 - 4.3 Interaction Capability
 - 4.4 Reliability and
 - 4.5 Security
